

From The Chairperson's Desk... ✍️

Dr. (Mrs.) S. D. MALIK
Chairperson
Lovely Group of Schools

*Life is about moving on,
accepting changes and looking
forward to what makes you
stronger and more complete.*

In an endeavour to provide the top- class learning experience, our school is aimed at helping parents and teachers to unearth the hidden talents of the students.

As a part of this collaboration, the students at Lovely Public International School get great opportunities to explore the world. In today's fast- changing world we need to attune ourselves in learning new skills and re- inventing ourselves in order to succeed and continue with the success mode. Continuous learning and honing skills help in all- round development of our students . Education is a planned endeavour and aims at making our children capable of becoming active, trustworthy, productive and caring members of the society . It is a joint venture with the students, teachers and parents. We as a part of educational institution have left no stone unturned to utilise and explore resources towards fostering the growth of our students and transforming them into complete human beings.

May all of us flourish with every passing day.

Wish you all good luck.

From the Director's desk

DR. MAHIMA MALIK
DIRECTOR

We believe that this is the time not to just deal with the current emergency, but also lay foundations of resilience to face such difficult events in the future. Let us consider this challenge as an opportunity. The Pandemic should not lockdown the aspiration of our young generation. My suggestion is that they should take the lead and work with teachers to develop new e- learning content. Students should remain active and receptive and use this time to learn new skills. It may be as basic as improving English, or other language skills, public speaking, play an instrument, cooking, housekeeping etc. Stay fit with meditation, yoga and other fitness programs. You tube videos and other free, online courses and forums can help students learn lot of skills and knowledge. Dear Parents, help your child to remember the ways that she has successfully handled hardships in the past and help them understand that these experiences strengthen their character preparing them for future challenges. An optimistic and positive outlook enables your child to see good things in life and keep going even in the hardest times. Appreciate and acknowledge their accomplishments. I am sure all of us have been practicing social distancing, physical distancing and coming together on social media for mutual morale boosting conversations and sharing. Our goal is for the children and staff to still feel connected and joyful. These are times when we have to stand together as one family belonging to the entire world. We pray for a quick control of the Pandemic, for a healing of those affected, their families and health care personels. Remember humanity has seen worse, and every time we have bounced back. We will, again. Being hopeful and supportive is the key.

FOUNDER'S DAY

Commemorating the Birthday of A Great Educationist

*The future belongs to those who
believe in the beauty of their dreams...*

Hon'ble Dr. (Mrs.) S.D.MALIK maam - Chairperson Lovely Group of Schools, has influenced the field of education with her unmatched contribution and dedication. The values taught by maam give strength and confidence to the children to make their dreams come true. Maam's knowledge and wisdom has continued to provide academic and career aspirations to the students. She has always inspired everyone to reach their full potential. Every year Ma'am's birthday is celebrated as Founder's Day. On this FOUNDER'S DAY we pledged to build a value based society by imbibing her teachings in our life.

Dr. (Mrs.) S.D. Malik

FOUNDER'S DAY

THE JOURNEY OF A THOUSAND MILES BEGINS WITH A SINGLE STEP

We celebrated our school's Founders day and silver jubilee on 12th April 2021. The program was conducted in the school open courtyard. The event was inspired with the mere presence of our chairperson Dr (Mrs) S.D. Malik Ma'am, Respected Dr. Inder Malik Sir and Master Satyam Malik Sir. The event commenced with pious name of Lord Ganesha followed by Gayatri Chants which culminated with havan. Everyone felt gratified and blessed with inner peace. The peace of soul we have endured after this function is priceless. The event was marked by a string of a spectacular performance by our lovely teachers. Our chairperson Ma'am cut the cake and made the day unforgettable. Token of love was given to all the members of lovely family by our respectable Dr. (Mrs.) S. D. Malik Ma'am. It is with the deligence of our Academic Head Mrs. Bharti Bhatnagar that this function turned out to be a total success. Celebration of the event was a reminiscent of embracing all these years of education and enlightening others towards a better future. Though we missed the zeal and enthusiasm shared by our lovelites on this day each year. We are looking forward to next celebration with our little ones.

TABLE MAT ACTIVITY

The School conducted Table Mat activity to sharpen motorskills in young children. Children can learn to use simple tools for measuring. This strategy provides each student in the group to record individual ideas regarding a problem, topic or a question for consideration. This kind of strategy is used to brainstorm ideas, use information for problem solving. It teaches kids to coordinate, plan and take initiative.

INTRODUCTION TO MUDRAS

Mudras are positions of the body that have some kind of influence on the energies of the body, or your mood. Mudras act to stimulate different parts of the body involved with breathing and to affect the flow of energy in the body. This activity was practiced by the kids to learn the importance of health and fitness!

World Health Day

A Healthy outside starts from the inside..

World Health Day was celebrated on 7th April. Teachers conducted special interactive session for the students and made them aware of good health and emphasized on good eating habits, washing hands before and after eating food, brushing twice a day, performing physical exercises and playing sports. A moral story was narrated to the students by the teachers on the same. Later, the children indulged in a takeaway activity on the theme- 'Eat Healthy and Stay Healthy'. The day was indeed enlightening as it touched upon significant issues of good health and well being.

Eat Healthy... Live Well....

BAISAKHI CELEBRATION-1

BAISAKHI - A festival of new hopes and happiness

Baisakhi celebration- Baisakhi marks the beginning of Hindu solar new year and the season of harvest. The day was celebrated in the school with great zeal, it was filled with colours and vibrancy of positivity. To mark the importance of the day students performed the traditional Bhangra and Gidda dance. Students also showcased their creative skills by drawing Baisakhi sketches via zoom classes. Students were also told the religious significance of the day in zoom room.

Baisakhi the festival of positivity!!

Ambedkar Jayanti

14th April

APRIL 14

“Life should be GREAT rather than LONG”

Dr. B.R Ambedkar was the first Indian to get Doctorate from outside India. Many reformers spoke against casteism. One such reformer is Dr. Ambedkar. 14th April is marked as Ambedkar Jayanti. He was the chairman of consitutional drafting committee. Dr. B.R. Ambedkar played most important role in drafting the consitution of India. Our students with utmost respect participated in the activity to give honour to Dr. B. R. Ambedkar.

श्री रामा Navami Celebration-1

Lord Rama was born to King Dashratha and Queen Kaushalya in Ayodhya in the Treta Yuga. Lord Rama is considered the seventh incarnation of Lord Vishnu. His birth is commemorated as Ram Navami in India. It is celebrated as a spring Hindu festival & on the ninth day of Chaitra Navratri which marks the birth of Lord Rama. This festival falls in the Shukla Paksha (brighter half) of the Chaitra month of the Hindu calendar. Lord Rama is considered Maryada Purushottam. The best in character and deeds. Ram Rajya is ultimate goal of every state.

INTERBRANCH ART & CRAFT FEST (III-VIII)

“ART SPEAKS WHERE WORDS ARE UNABLE TO EXPLAIN”

The true work of art is a shadow of divine perfection. Lovely Public Group of Schools strives to attain a balanced growth in students by emphasizing on both curricular and co-curricular activities. To enable the kids to hone their skills and practice creative visualisation. Lovely Public Group of Schools organised virtual 'Creative Festivista' for the lovelites. The students exhibited their creative skills by using waste material in their own amazing way. The aim of the activity was to develop creativity, improve motor skills and visualisation among the learners and it was effectuated.

WORLD BOOK DAY-1

Good reading behaviour has nothing to do with technology. Kindle devices, tablets and laptops all provide access to books. This actually increases the ability to get and read books..Children who can't read in accordance with their age today can't possibly make effective leaders for the future. World book day was started by UNESCO on 23 April 1995 to celebrate books and authors and encourage young people to discover the pleasure of reading. On this day children are given an opportunity to talk about their favourite books, learn more about their favourite authors and explore new stories.

“Let us remember one book, one pen, one child and one teacher can change the world”.

●●●●● ***–All souls are alike; none is superior on inferior*** ●●●●●

The birth anniversary of Bhagwan Mahavira, the 24th Tirthankar - was celebrated with great fervour. The teachers narrated stories to the students from the life and noble teachings of Bhagwan Mahavira. The young impressionable minds pledged to live a righteous life and follow the ethical principles of Jainism, including Ahimsa- causing no harm to living beings, Satya- to speak the truth, Asteya - not to possess the things that do not belong to you. The spirit of secularism was highlighted as the students participated in the celebration with great enthusiasm.

WEBINAR - SHARING IS CARING (Nur-VIII)

Great Satisfaction comes from sharing with and caring for others.

Caring is important because it makes a happy change in other people's lives. It is also important because if we help someone, it will make us feel good and make us want to do it again. It helps the people involved to treat all people like that. When a person is scared and you go up to that person and tell them there nothing to scared of and talk to them and make them feel better. That is what caring and sharing looks like. On 17th April 2021, the highly interactive WEBINAR was conducted via zoom. The objective of this webinar was to engage the students on the topic of "SHARING IS CARING". The webinar contained several highly interactive and very enjoyable sessions for the students to enhance the learning points of Sharing and caring. Active participation was encouraged and all the students got the opportunity to share their views. Students also learned that "It's important to care and share because it's a nice thing to do. Also, caring is the most valuable thing you could ask for in life.

**The capacity to learn is A GIFT, the ability to learn is a SKILL,
The willingness to learn is a CHOICE.....**

ENGLISH WEEK ACTIVITIES

It is not enough to have a good mind.

The Main Point is to use it WELL...

Language is the infinite use of finite means. We should appreciate the fact that it's possible to communicate big ideas with relatively limited alphabet or words. As we all are aware each year we encourage our lovelites to enhance and sharpen their vocabulary and speech skills to enhance their English language skills by organising English week in last week of April 26 to 30.

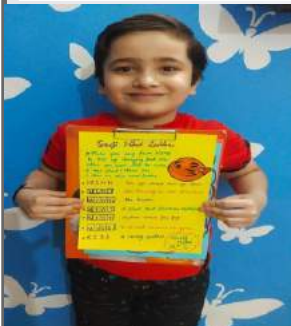

SPELL CHECK & WORD CHAIN

Learn to spell correctly with fun. The more you play, the more you learn. Activity spell check & word chain by Intrigued lovelites.

'ART INTEGRATION' - Science and Social Science

Creativity is intelligence of having fun.

Rajat Jain

We at Lovely Public International School follow Art Integrated way of Teaching and learning to allow the learners to, **Explore, Emote, Express, Enjoy and Execute.....5 easy E' s to Educate.** Besides creating a fun way of learning and engaging students to learn and absorb new material, art integration has many benefits. The art integration helps the children to develop problem-solving skills, motor skills, language skills, social skills, decision-making skills, risk-taking skills and inventiveness. These type of activities will not only allow the learners to incorporate creativity but they will also develop a nostalgia for the concept and make it memorable.
