Self Study- Key to Effective Learning

It is the tool to academic excellence.

Make Notes

Use Mind Maps

Self-study makes learning more effective. Exploring a topic encourages learner to grasp information with ease. It can boost self-esteem and confidence, as the learner is able to learn new things without anyone helping him/her, which further motivates them. Self-study allows learner to take learning at their own pace. The learners can focus on areas which are challenging for them. This helps reduce feelings of frustration, anxiety, stress and mental fatigue. Self-study encourages regular revision, which brings out better result. It allows students to learn in a better way, thus leading to a more effective learning experience.

Few self-study tips are:-

1. Eliminate distractions - Choose a quiet environment.
2. Follow a time-table- Give more time to the topics/ subjects which you find difficult.
3. Focus on understanding- Avoid cramming or rote learning.
4. Make notes while studying for further reference.
5. Search for additional information on the internet.
6. Write and learn as it will help you assess your mistakes.
7. Use mind maps to connect ideas.
8. Watch concept related videos for revision.
9. Collaborate with classmates in groups.
10. Give refreshing breaks to relax and energize your mind.

Words Of Wisdom- From the desk of Administrative Officer

Mr. Satyam
Administrative Officer

Self belief and hardwork will always reap success...

As we all know that nothing is impossible in this world however it is very difficult to achieve something in life without determination and will power. Strong will gives us power to go ahead and continue the tasks till we achieve the success. People having strong will are the ones who can do wonders. Human will power is very powerful which can defeat any difficulty. With strong will, other attributes required to succeed are discipline, continuity, dedication and patience. Work continuously without postponing the things, don't give an excuse to your hard work and never complain. Give your 200% to reap 100%. Best of luck for your final term. I am hopeful that all of you will come out with flying colours.

REPUBLIC DAY CELEBRATION

FREEDOM in mind, **FAITH** in words, **PRIDE** in our heart, **MEMORIES** in our souls..

To make our lovelites familiar with our glorious past and pay gratitude to the freedom fighters who had sacrificed their lives to get Purna Swaraj, we celebrated this day with different activities.

Under the guidance of the school management, the academic head graced the occasion by unfurling the National flag. The faculty adorned in tricolour attire graced the occasion. Teachers also enchanted Hanuman Chalisa for the well being of the countrymen. The students were motivated to do their best and feel proud to be an Indian.

Let's salute the nation on our Republic Day.

MARTYR'S DAY

Satisfaction lies in the effort not in the attainment, full effort is full victory.

Martyrs' day is celebrated to pay reverent homage to the patriots who fought and sacrificed their lives for the freedom, welfare and progress of India. It is celebrated on 30th of January every year, as on the same day, Mahatma Gandhi was assassinated. He was a great freedom fighter and is counted as the greatest among the lakhs and lakhs of martyrs. In fond remembrance of his sacrifice and devotion, the students and staff of the school observed a two-minute silence on the day remembering the brave martyrs and their relentless efforts in the Independence Struggle. The students were also enlightened about the significance of the day and its annual observance to honour those who gave up their lives for their beloved nation.
