FOUNDER CHAIRMAN'S MESSAGE

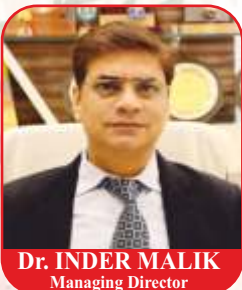

Dr. R.P. MALIK
Founder Chairman

*"Learning is a treasure
that will follow its owner everywhere."*

Learning is the process of constantly updating in an ever changing world. All children should be given the opportunity to experience the very best possible start to their education. One of the most significant character traits that needs to be instilled in our youth during their education is a finely ingrained attitude of service-before-self. The aim is to make them successful not only in life but also conscious of their duties and responsibilities towards their fellow citizens. Lovely group of schools exemplify the fact that sky is not the limit in the pursuit of excellence. The aim of our schools is to promote a system of integral education in a congenial child-friendly environment.

MANAGING DIRECTOR'S MESSAGE

Dr. Inder Malik
Managing Director

Let's celebrate Dussehra with devotion, love, and joy in our hearts.

To navigate your way through the site discovering what we have to offer, you will find answers to the many preliminary questions you may have about the school, the academic programme and student life.

I believe in upholding high standards with an absolute commitment to strive to understand and improve the educational process, using team strategies, while wholly centering on student achievement.

Our staff fruitfully employ two diverse strategies that are of Love and Logic to foster a positive learning environment for all our students. Love and Logic may seem like two contrasting forces. While love helps nurture trusting relationships, where students feel respected, appreciated and loved by the teachers, logic helps develop in students personal responsibility, self control, good decision making skills self confidence and character building with high moral values.

Your child's learning involves and revolves around an effective partnership between home & school. We know the stronger the partnership is the more your child will benefit.

I look forward to work with you as we help create a school where parents are welcome at anytime, students are engaged in meaningful learning and the staff members are valued and appreciated.

TEACHER'S DAY

*" Teachers sow the seeds of knowledge
that blossom into a lifetime of learning."*

Our school commemorated Teachers' Day with a vibrant celebration that showcased the boundless gratitude and respect our students hold for their educators. A variety of engaging activities, including card-making, quote writing, role-playing, poem recitation and bouquet-making, provided a platform for students to express their appreciation. The atmosphere was electric, filled with enthusiasm and heartfelt sentiments.
